

Oregon Water Right Points of Diversion

SDE Feature Class

Tags

points of diversion, water rights, points of appropriation, Oregon

Summary

Water right surface Points of Diversion (POD) and groundwater Points of Appropriation (POA) locations in the state of Oregon. They are collectively referred to as PODs.

Description

Depicts the location of each water right diversion point (POD) and provides basic information about the associated water right. All current and individually held water rights are shown in this data set except for those held by irrigation districts, applications, temporary transfers, instream leases, and limited licenses.

Current code definitions at: <http://www.oregon.gov/owrd/pages/wr/wrisuse.aspx>.

Compilation procedures document at:
